About Me

I am a regular guy who likes to hang out with friends over some board games and other geeky stuff. I love to have deep conversations with peers and support them in times of difficulty. My preference is usually to give support and be the backup in all kinds of situations; I like being the underdog and receive encouragement that what I am doing is good.

Job Experience

- **General Assistant** (2015 – Present)
Community On The Mount (COTM)
 - Webmaster of main website: cotm.co
